The Louisiana Temporary Assistance For Needy Families State Plan is submitted in accordance with Section 402 of the Social Security Act as revised by the [Personal Responsibility and Work Opportunity Act of 1996](#) and the [Deficit Reduction Act of 2005](#).

[Act 58](#) of the 2003 Regular Session of the Louisiana State Legislature, also known as the Personal Responsibility and Universal Engagement Act, represents one of the most significant steps taken by the Department of Children and Family Services (DCFS), formerly the Department of Social Services, to build a stronger Louisiana by improving its families. The act states that it is the objective of the Louisiana Legislature to ensure that all families are actively and universally engaged in work activities. It is the intent of this legislation that families in Louisiana are strong and economically self-reliant, therefore minimizing their dependence on government benefits for basic needs. It is further intended that cash assistance participants demonstrate and exercise active and diligent personal responsibility in achieving self-reliance through employment and increased workplace literacy.

[Act 110](#) and [Act 675](#) of the 2004 Regular Session of the Louisiana Legislature further amends and clarifies the language regarding STEP.

DCFS staff serves together to empower families to attain self-sufficiency and ongoing independence through strategic approaches, customer-focused policies and supportive services, simplified processes, and community-based solutions.

	Part No./Name	B. Program Eligibility for Cash Assistance Programs
	Section No./Name	B-1100 Personal Responsibility
	Document No./Name	B-1110 Family Success Agreement

The Family Success Agreement (FSA) is a mutually developed contract between work-eligible FITAP recipients, on behalf of their family, and the department. The FSA sets forth mutual and time-bound responsibilities, expectations, activities, and goals designed to transition a recipient from welfare to self-sufficiency.

The purpose of the FSA is to formalize the understanding that assistance is temporary and to encourage the family to set goals that will enable them to become self-sufficient.

The FSA should be completed by the worker and the client and shall:

- include the clients time-bound goals, responsibilities, and work activity participation designed to enable self sufficiency,
- include an agreement that states the expectations of the program and the client and the natural consequences of not meeting expectations,
- specify the departments obligation to provide supportive services, assessments, notifications, information and case management to enable the clients to transition off cash assistance,
- be updated at least every six months or as the clients needs, goals, barriers, and family circumstances change.
- include any referrals to outside sources such as food banks, domestic violence counseling, etc.

The FSA will be completed on each work-eligible household member, and will be used to identify needs of other household members. Work-eligible is defined as a FITAP family (including cases which do not receive cash because their benefit would be less than \$10) which includes at least one adult under age 60 or a teen head of household who is not disabled or incapacitated, or who is not caring for a family member who is disabled or incapacitated as documented by a medical professional. A work-eligible recipient is defined as an adult under age 60 or a teen head of household who is included in a work-eligible family and who is not disabled or incapacitated, or who is not caring for a family member who is disabled or incapacitated, as documented by a medical professional.

2. to end dependence of needy parents on government benefits by promoting job preparation, work, and marriage;
3. to prevent and reduce the incidence of out-of-wedlock pregnancies; and

The programs known collectively as the TANF Initiatives provide benefits in the form of services to needy families, defined as families who have earned income at or below 200 percent of the federal poverty level, or a family in which any member receives a Family Independence Temporary Assistance Program (FITAP) grant, Kinship Care Subsidy Program (KCSP) grant, Supplemental Nutrition Assistance Program benefits, Child Care Assistance Program (CCAP) services, Title IV-E, Medicaid, Louisiana Children's Health Insurance Program (LaCHIP) benefits, Supplemental Security Income (SSI), or free or reduced school lunch.

Not all TANF Initiatives require a family to be "needy" as defined above in order to receive services. There are initiatives that target children, parents, or caretaker relatives of minor children and require only that the person be in need of the services provided by the initiative.

NOTE: The State Plan should be amended if the funding for any initiative changes or any initiatives are adjusted or eliminated.

The various TANF Initiatives are listed in Section G-200, TANF Initiative Programs, of this State Plan.

The Department shall enter into a contract with the Department of Education for the LA 4 Public Pre-kindergarten Program.

Services provided include providing high quality early childhood education for low income 4-year-olds in participating public school districts.

These services meet TANF goal 3, to prevent and reduce the incidence of out-of-wedlock pregnancies and TANF goal 4, to encourage the formation and maintenance of two-parent families by placing children in learning environments at the pre-school level to foster an interest in learning, increase literacy levels and increase the likelihood of developing responsible behavior.

Eligibility for services is limited to children of at risk families in which the child is one year younger than the eligible age for kindergarten and is eligible to receive free or reduced school lunch meals pursuant to the Federal Child Nutrition Program as documented by a completed application for such meals, whether or not such meals are sought. An at risk family is defined as a family experiencing one or more at risk indicators, such as, economic stress issues, literacy issues, child development issues, physical, mental, or nutritional health issues, or other factors which contribute to the family's inability to deal with issues in a way that is healthy and productive. The Department has entered into a Memorandum of Understanding with the Louisiana Office of Student Financial Assistance (LOSFA), relative to the Louisiana Go Grants and the Taylor Opportunity Program for Students (TOPS).

These services meet the TANF goal 3 to prevent and reduce the incidence of out-of-wedlock pregnancies. This goal is accomplished by providing financial aid to eligible students who are pursuing postsecondary education. Research studies provide a strong correlation between academic failure and teen pregnancy. Positive outcomes associated with acquiring postsecondary education include increasing self-sufficiency and reducing the probability of being dependent on society for support. The services offered by the MOU provide the students with the tools necessary to reduce risky behaviors and increase positive decision making. The low income expenditures of the college students will be counted as Maintenance of Effort (MOE).

The Louisiana Go Grants is a need based student financial aid grant that supports nontraditional and low income students in their pursuit of postsecondary education. To receive the Go Grants, a student must be receiving a federal Pell grant and have remaining financial need, as determined in accordance with a formula established by the Louisiana Board of Regents. Pell grant eligibility is determined according to provisions of the Higher Education Act of 1965, as amended. The formula for determining financial need is subject to change on a yearly basis in order to ensure that the greatest number of students will benefit from the funds appropriated for the program by the Louisiana Legislature. The amount used for TANF maintenance of effort is not duplicated in determining match or maintenance of effort for any other program.

TOPS is a state scholarship program for Louisiana residents who attend Louisiana postsecondary institutions. TANF eligibility for students receiving TOPS will be determined by receipt of a Go Grants. Certification for TANF MOE for TOPS expenditures will be for those students who simultaneously receive TOPS and Go Grants.

Services are considered non-assistance by the department. State dollars associated with Louisiana Go Grants and TANF eligible TOPS expenditures may be applied to MOE funding requirements for Louisiana's federal Temporary Assistance for Needy Families (TANF) grant.

Ms. Ruth Johnson
Secretary
Department of Children & Family Services
627 N. Fourth St.
Baton Rouge, LA 70802

Dear Ms. Johnson:

In accordance with section 402(a) of the Social Security Act, Louisiana must periodically renew its funding status as an "eligible State" in order to continue to receive Federal funds under the Temporary Assistance for Needy Families (TANF) program. This renewal process requires that the State submit a TANF plan, which contains all of the necessary elements listed in section 402 of the Social Security Act (the Act), including the State certifications specified under sections 402(a)(2)-(7). I am pleased to inform you that as of January 1, 2011, Louisiana continues to qualify as an "eligible State" under the TANF program.

Within the Department's statutory authority regarding the TANF program, the Secretary has found that Louisiana submitted a plan that includes the necessary elements listed in section 402 of the Act. By this finding, the Secretary neither approves nor disapproves the policies and practices outlined in the plan. As an eligible State, Louisiana is entitled to an annual State Family Assistance Grant (SFAG) of \$163,971,985.

If you have any questions about the information in this letter, please contact Mr. Larry Brendel, TANF Regional Program Manager for Region VI, at (214) 767-6236.

Sincerely,

Robert M. Shelbourne
Director
Division of State TANF Policy
